

ARCHĒ
CLASSICAL ACADEMY

2024-25 Financial Aid Plan

Our financial aid plan is need-based (i.e. financial need) rather than merit based (i.e. grades). Financial aid awards are yearly. A new application must be submitted every year.

Procedure:

1. Check with your church's Christian education fund, and pursue other sources of assistance, such as grandparents, who are often happy to contribute. We are happy to send a scholarship request letter to your church on your behalf.
2. Fill out Archē's [financial aid application](#) on FACTS. Please note there is a \$40 FACTS processing fee.

Timing:

Archē's financial aid application will open on January 15. We will begin reviewing information on January 29. Families who have submitted an application by January 29 will receive notification of financial aid awards by February 19. Applications will continue to be reviewed as received with notification of award within 3 weeks of submission.

Application Instructions:

1. Click on hyperlink above and sign in or create a new account. (Families who utilized FACTS for lunch money during 2023-24 school year have an account, select sign in and 'forgot password' if you are unsure of your password).
2. Complete financial aid application for 2024-25 school year.

** Please note that this is an in-depth financial aid application. You will need access to your prior year federal tax form and other financial information. Expect this application to take at least 30 minutes to complete.

All personal financial information provided through this application is kept confidential and will be reviewed by treasurer, head of school, and board president. Please be sure to answer the questions at the end of the application to elaborate on any details you feel are relevant to your financial situation.
